(By United Press.)
Washington, Sept. 14.—Fresh outbreaks of Mexican rebels are feared Monday, Mexican's Independence Day, according to word received here today from Ambassador Wilson at Mexico City.
Wilson says the Mexican government is fearful of rioting Monday, not only in small villages but even in the capital. Federal troops have been ordered to suppress any outbreaks.
Martial law will probably be declared Monday in the cities and villages of northern Mexico.
General Huerta with his entire army will join the rebel forces and become the head of the insurgent movement with General Orozco second in command.
(By Associated Press.)
Washington, Sept. 14.—Major General Leonard Wood, chief of the army staff, today ordered an army military post established at El Paso, Texas. Conditions in Mexico were reported as being chaotic. Starvation is feared during the winter as the rural residents in that section were unable to plant crops owing to the Mexican revolution.

LEWIS IS NAMED FOR SECRETARY OF STATE

(By Associated Press.)
Columbus, O., Sept. 14.—Tom L. Lewis, of Bridgeport, Belmont county, was today named by the Republican State Central committee, in session here, as its candidate for secretary of state to fill the vacancy caused by the resignation of John L. Sullivan, who deserted the G. O. P. to join the Bull Moose party.
Lewis was formerly national president of the United Mine Workers of America. His brother, Stephen Lewis, of Martin's Ferry, Belmont county, was a delegate at the recent state convention of the Progressive party held here.

MANY SHOTS FIRED IN MARTIAL LAW DISTRICT

(By Associated Press.)
Charleston, W. Va., Sept. 14.—Military outposts were fired upon during the early hours of the morning at Holly, in the heart of the territory under martial law. Pickets returned the fire and for a time excitement was brisk. A careful search of the woods on the hillside from where the shots came showed that no one was injured. Companies A and E of the First West Virginia Regiment, of Parkersburg and Fairmont, under the command of Captain White, of Parkersburg, were at once dispatched to the scene of the trouble.
Today was pay day in the unionized section of Thorny Branch where the men struck last week but returned to work Tuesday. This was signified by an outbreak at Huston where the shooting was general among the contending factions. The miners engaged in a free for all fight, the result of which is not known.
Martial law will likely be extended to include the Northern Kanawha district where lawlessness is increasing, and the civil authorities are unable to handle the situation. Governor Glasscock has ordered an investigation and a proclamation will likely be issued before Sunday night.

George A. Redden, of Chicago, a strike breaker, is dying in a local hospital. Redden fired into a crowd of strike sympathizers yesterday and he was roughly handled, his skull being fractured.

WHITE SLAVERS BUSY IN CLEVELAND?

(By United Press.)
Cleveland, O., Sept. 14.—What the police regard as conclusive evidence that a band of white slavers is operating in Cleveland, is found in a young girl's story to a probation officer here today.
She said she was deceived and dragged by a woman and held prisoner in a Collingwood house for a week. In the last three weeks, 23 young women have disappeared mysteriously from their homes here.
Chief of Police Kohler today ordered detectives and patrolmen to locate about 40 men and women for whose arrests the prosecutor has warrants.
The girl who revealed her experiences is 17 years of age. She said that following a quarrel with her aunt, with whom she lived, she made the acquaintance of a woman and told her story to her. The woman induced her to go to a house on the East Side. Next day she was introduced to a young man. The next week she returned to the home of her aunt in a pitiable condition. The police believe that girls are recruited here for resorts in other cities.

WIVES OF MINERS TELL OF CRUELTY

(By United Press.)
Charleston, W. Va., Sept. 14.—Wives of striking miners appeared before Governor Glasscock's investigating commission today and testified to alleged cruelties they said they had been subjected to by mine guards in the striking district.
The wife of John Estep testified that her baby was born on the bare floor of a shack where the family paused in a flight after being evicted from its home by mine guards.
Mrs. Walters, wife of a Paint Creek miner, swore that Tony Seville's baby had been born after the mine guards had fired bullets through Seville's home and the mother had fled in safety to Walter's home. Walter was a mine boss.
"And then came to my home Frank Bush's wife," said Mrs. Walters. "She had her baby in her arms and was about to become a mother again. The guards had taken her mother away."
"I took his wife in. I knew I took a chance. A few days later my husband was discharged as foreman, and the superintendent told him that it was because he had given Frank Bush's wife a home with us."

SIDNA ALLEN CAPTURED IN IOWA

(By United Press.)
Des Moines, Ia., Sept. 14.—Sidna Allen, wanted for the shooting of the judge, sheriff and others in the Virginia court room at Hillsville, was captured here today.
The police also expect to apprehend Wesley Edwards here in a few hours, as he is working near here with a railroad grading gang.
The Hillsville murder several months ago shocked the country and a search for the Allens has been made all over the country.
Allen's capture was effected by letters written to Miss Maude Joffrey, aged 18, a mountain girl, who arrived here today to marry Wesley Edwards.
The capture was made by Detectives Baldwin and Munday, of Roanoke, Va., who arrived on the same train with the girl and followed her to the boarding house of John Cameron on the corner of Eleventh and Loast streets. At the sight of the officers Allen attempted to draw a gun but was disarmed. Then he broke down and sobbed and admitted his identity. Two members of the Allen gang are now under death sentence for their share in the Hillsville tragedy.

CANAL DONE NEXT YEAR

JAPAN IS FEARFUL OF A SUICIDE EPIDEMIC AFTER NOGI'S DEATH

(By United Press.)
Tokio, Japan, Sept. 14.—As a result of the suicide of General Negi and his wife yesterday as the body of the late Mikado was borne to the palace an epidemic of heri kari (suicide) is feared today. The modern Japanese estimate suicide at what it is worth, but the number of genuinely modern Japanese is very small. The great majority, even of the country's most prominent men are at heart of the old school.
Inspired by the Port Arthur hero's example, the prediction was made today that many of them will end their lives as he did.
The new Mikado has attempted to put a stop to the practice. The police have been given orders to be on the alert to prevent any attempts at suicide. Despite these things, there was no general condemnation for the act of General Negi and his wife.
Mikado Mutsuhito's body arrived at Kioto tonight for the final funeral services.
Gen. Negi commanded the Japanese army that captured Port Arthur in the war with Russia. His suicide was dramatic.
Hundreds passing solemnly around the huge catafalque, on which rested the body of the late Mikado, saw the aged warrior and his faithful wife draw slender curved swords from the concealment of their flowing robes of mourning and turn the blades upon themselves. Count Negi fell forward first, holding the sharp blade hilt onward so that the point of the weapon penetrated the middle of the body as the hand holding the jewel-encrusted handle touched the floor.
Scarcely a second elapsed and before any one could move to the rescue the Countess threw herself forward on another sword of similar pattern.
Both were dead inside of three minutes, and neither spoke nor cried out as death.
The General and his wife were in the long procession following the Emperor's body.

Attack To Be Made On New Amendments

(By United Press.)
Columbus, Sept. 14.—That any attempt by opponents of the 34 amendments adopted at last week's election to bring suit against them in the Supreme Court will meet with failure, was the opinion expressed by Attorney General Hogan today.
"I will defend the amendments in any suit that may be instigated," Hogan said today. "I am sure the convention had power to fix the date and manner of election. Any suit against the amendments on this ground would be futile."
Hogan also expressed an off-hand opinion that to have 10 amendments declared invalid because they failed to receive a majority of all votes cast at the election would be futile.
Despite this statement from Hogan rumors continued today that suits would be filed to knock out the amendments.

GLASSCOCK HAS PLAN TO END MINER'S STRIKE

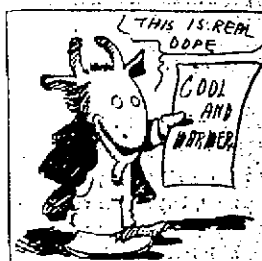

(By Associated Press.)
Charleston, W. Va., Sept. 14.—Governor Glasscock this afternoon submitted to the coal operators and representatives of the striking miners in the Kanawha district, his plan of settlement of the strike which has called out 1,200 soldiers into the fields to maintain martial law.
Details of the proposition are that all questions in dispute to be submitted to a board of arbitration to consist of three men, one selected by the operators, one by the miners and the other in case the two are unable to agree upon a man in three days, to be appointed by the governor of some adjoining state or by the secretary of commerce and labor. The present system of mine guards is to be abandoned, but the operators may select some reputable citizens in the vicinity in which the mines are located to guard the mine. All miners are to return to work at once on the same terms that existed when they went on strike. Decisions are to be final and to date from Sept. 1, 1912. All guns purchased by the miners are to be turned over to General Elliott, a receipt given for the same, and they will be stored in the armory. The expense of the arbitration is to be borne by the governor out of the civil contingent fund. Each side must give its answer in writing at the earliest possible moment. An answer is expected this evening.

HAYES WAS DISMISSED

(By Associated Press.)
New York, Sept. 14.—Police Officer Hayes who was placed on trial here for making statements reflecting on the character of Police Commissioner Waldo, was found guilty shortly before noon today and was immediately dismissed from the service. His statement which led to the suspension of Waldo was made in the presence of four other inspectors and was to the effect that Waldo enjoyed himself from raiding disorderly houses without orders from him.

Women Want Husbands At Own Home

(By Associated Press.)
Larnes, Mass., Sept. 14.—Horsewhips and clubs will be used by the women of this city to suppress gambling, and they threaten to use them on the gambling housekeepers if they do not leave their home-loving husbands alone. Following the futile attempt of the police to rid the town of the gamblers, the women held a meeting today and decided to take the law in their own hands.

Wonder who woke up Herb Corral! After sleepin' peacefully for a couple o' months Herb suddenly wakes up an' claims that he predicted a cool spell which he said we had a day or so ago. Guess Herb has been dreamin'! He may have predicted a cool spell, but if it's turned up I ain't seen it. But there's cooler weather comin' though. Look at this: Ohio—Showers tonight and Sunday; cooler in extreme east portion. Kentucky—Probably showers tonight and Sunday; cooler.

SOME REMARKABLE FIGURES.

The New York Evening Post has been figuring on possible presidential results on the basis of the Vermont election and comments thereon as follows:

It is interesting to calculate how the vote for president, as between Taft and Wilson, would be cast in November if the whole country voted as Vermont voted on Tuesday.

To compute this result we should have to deduct 8 per cent from the vote cast for Taft four years ago and apportion the remaining vote in the ratio of 62 to 38 between Taft and Roosevelt, and we should have to add 25 per cent to Bryan's vote in 1896, and give the "demonstration total" to Woodrow Wilson. In other words, give Taft 57 per cent and Roosevelt 35 per cent of Taft's vote four years ago, and give Wilson 125 per cent of Bryan's vote four years ago.

The result in round numbers would be as follows, so far as regards Taft and Wilson:

States	Taft	Wilson	Montana	18,000	33,000
Alabama	14,000	93,000	Nebraska	73,000	164,000
Arkansas	32,000	109,000	Nevada	6,000	14,000
California	122,000	180,000	New Hampshire	30,000	12,000
Colorado	71,000	159,000	New Jersey	151,000	208,000
Connecticut	55,000	83,000	New York	497,000	634,000
Delaware	14,000	28,000	North Carolina	68,000	171,000
Florida	6,000	39,000	North Dakota	33,000	41,000
Georgia	24,000	90,000	Ohio	63,000	628,000
Idaho	30,000	45,000	Oklahoma	63,000	163,000
Illinois	360,000	663,000	Oregon	36,000	48,000
Indiana	109,000	433,000	Pennsylvania	426,000	561,000
Iowa	157,000	236,000	Rhode Island	35,000	31,000
Kansas	113,000	201,000	South Carolina	2,000	78,000
Kentucky	135,000	305,000	South Dakota	39,000	50,000
Louisiana	51,000	79,000	Tennessee	68,000	170,000
Maine	38,000	44,000	Texas	37,000	271,000
Maryland	66,000	145,000	Utah	35,000	53,000
Massachusetts	152,000	194,000	Vermont	23,000	14,000
Michigan	192,000	219,000	Virginia	30,000	103,000
Minnesota	112,000	136,000	Washington	61,000	78,000
Mississippi	3,000	75,000	West Virginia	79,000	132,000
Missouri	169,000	448,000	Wisconsin	142,000	208,000
			Wyoming	12,000	18,000

The Post's table is astounding, but it would be even more so if it did not fall into error in calculating the increase over the Bryan vote. This increase was 80 per cent instead of 25, the Post's figure, as Bryan polled only 11,437 in 1908, while the Democratic vote on September 3rd last was 20,686, a gain of 9,249.

But the showing made by the Post is handsome and blessed enough and we will be satisfied if the November result produces no more but as much.

THE WISE MR. WILSON.

A section of New Yorkers, led by the World, are trying to induce Candidate Wilson to interfere in the state Democracy's local affairs and declare against the re-nomination of John A. Dix for governor, while on the other hand another section, led by Charles Murphy of Tammany Hall, want him to say the candidacy of Dix would be satisfactory to him.

But none of them are catching Mr. Wilson with the plain bait they are dangling. He is too canny for that, knowing a noose when he sees one and having no disposition to run his neck into it either from one side or the other.

Then what business is it of Mr. Wilson whom the Democrats of New York nominate for governor? He is not a citizen of that state and its citizens would most probably and altogether properly resent his intrusion into their strictly domestic affairs.

The powers of a president are already great enough for one man to exercise, the influence of a presidential candidate over his party councils is already too great and Mr. Wilson is to be commended for not officiously and offensively seeking to make either greater than it is in existing conditions and practices.

ADVISES THE IMPOSSIBLE.

The joke is on one of the know-all magazines. It contains an article, which after an exhaustive review of all the presidential candidates, and vice presidential as well, advises its readers to vote for Wilson, the Democrat, for president and Seidel, the Socialist, for vice president.

The profound wisdom of this advice lies in the fact, that it is impossible to follow.

As a matter of legal fact neither president nor vice president can be voted for directly, while neither directly nor indirectly can a presidential candidate on one ticket and a vice-presidential on another be voted for by any present system of balloting.

The reason is neither candidate is voted for. Votes are cast for certain sets of electors and these are bound by usage to vote for the persons nominated by the party, whom they represent. There is, however, no compulsory obligation of electors to vote for certain candidates for president and vice-president, but it has never occurred that one favored with his ballot other than those whom his party directed him to at nomination, except of course, where death made such action impossible, or idle.

THE ONE STORY OF PROGRESS.

The reports of five local banks printed in Wednesday's Times tell more graphically than anything else the splendid progress that Portsmouth has entered upon.

Banks are the pulse of business conditions. Their rise and shrinkage in resources and deposits mark quite unfailingly the tides of trade and general activity.

Not a single one of the Portsmouth's banks, but shows a substantial gain in the past three months and as compared with the same period of last year, the increase approaches the marvelous, the total gain in deposits being \$560,800 and in resources \$729,067. To make more than a fair comparison we may allow a deduction of \$250,000 for waterworks funds the city now has on hands and which it did not have a year ago, we still have a gain of \$310,800 deposits and \$479,067 resources.

These are figures surprising and flattering enough in themselves but when we take into consideration that they represent a percentage increase of better than 10 per cent on the grand totals they become altogether remarkable.

Not many towns can make an equal showing, but there are few, indeed, that are the equals of Portsmouth in activity and progress, in the expansion of industry and the steady enlargement of income over expenditures that are represented largely by the constantly improving thrift and providence of her wage earners.

It is all one story. Portsmouth is not only advancing rapidly towards metropolitan estate, but she is building her future greatness on broad and substantial grounds.

A COMMON MISTAKE.

Mayor Tynes recommended to the board of health ordinances that would enforce better sanitary conditions of the city.

Members Linck and Findeis were rather at issue with him, declaring that what is needed is rigid enforcement of sanitary laws that are already written.

The gentlemen are right.

Mayor Tynes falls into a most common error.

Neither laws nor ordinances enforce themselves. The board of health might formulate a thousand rules and council pass a thousand pages of sanitary ordinances, but not a single germ or microbe would be exterminated by either.

Administrations give vitality to ordinances, or at least by a more or less baseless fiction are supposed to.

A public service director, two or three deputy directors and a host of superintendents and official parasites are of no avail unless they do something.

They must attend intelligently and diligently to their duties, if they have such capability and the mayor must back them up by requiring this work and imposing real fines and penalties and not by suspended sentences that are the laughing stock of the town.

Good laws are all right in their places, but poor statutes well enforced by those who seek the obligation are far more efficacious.

JUST A POSSIBILITY.

The political fortunes of President Taft are at a low ebb. There is only one possibility that can cause them to rise to anything like respectable promise.

That one thing is war, and war is a possibility.

Undoubtedly powerful influences are at work to cause an interference of this country in the troubled domestic affairs of Mexico and that would mean an invasion with arms and a war if the Madero administration has the courage and the resources to offer resistance.

No matter whether this nation has favored a war or not it has always given its support to the administration that entered upon one and it is a reasonable certainty that if hostilities with Mexico began or even an invasion was made before November, such a circumstance would increase Taft's popularity. That it would enhance it, however, to the extent of making his election a probability, remained another question. Just now his chances of winning are so apparently remote that he who would in any contingency hazard an even wager on his winning would be the hardest of gamblers.

A TIMELY WARNING.

The hailing of a number of more or less distinguished citizens before the police court for violations of the traffic ordinance, is a timely and necessary warning.

Evidently there is an impression that rules for the highway are of only temporary force and observance of them was falling in to rapid and general contempt.

It may be true that only a few of these ammonished were guilty of any deliberate purpose to spurn the very salutary provisions of the ordinance, but unless all be strictly observed it will follow that all will fall into disuse in a short time and conditions become exceedingly dangerous.

By the way, would it not be well for the administration to make and enforce the rule that all vehicles turning from Chillicothe into Gallia shall do so by the south fork, while those coming down Gallia shall enter on Chillicothe by the north fork? Such a rule would have a tendency to decrease liability of accident, which is always going to be abnormally great at these particular points.

IT IS GOOD ENOUGH.

The Democrats did not get all out of Maine's Monday election that they hoped for.

The combination of the two wings of the Republican party held hard and fast enough to win victory by a small majority, but not enough to destroy the conviction that with the division between Taft and Roosevelt that began as soon as the polls were closed, the state will be found, in the Wilson column on November 5th.

The Republican majority will fall below 4,000 and with both a Taft and a Roosevelt ticket for the general election it does not seem there can be anything other than a substantial Democratic plurality in November, and again will Maine prove herself a political barometer.

A PLACE FOR SCIO TO.

The state board of agriculture has been doing heavy work of late years in order to promote more profitable methods of tilling the soil.

One of its best methods, as we view it, is the encouragement of youth not only to adopt farming, but to get the best possible results from it.

Last spring prizes were offered to boys below 21, who raised the best corn crop and now handsome cash awards are offered those who will raise the best wheat crop. The boy who takes first place will get \$100 in cash, the second \$75, the third \$50 and on down the scale to tenth, who will get \$5.

Competition is open to the entire state and every boy, who is below 21 can enter into the contest.

Certainly, Scioto county should have a number of entrants. She has some of the best wheat growing lands in the state and her boys are just as capable of producing results as those of any other section.

Secretary A. P. Sandies, of Columbus, will gladly supply the printed rules and information on request.

POKER GAME ENDS IN FIGHT,
THOMAS SAULSBERRY IS SHOT
THREE TIMES BY ED TACKETT

A bit of gun play that was not on the program broke up a game of poker that was going along merrily in the willows a mile east of Fullerton at 2:30 Saturday afternoon.

One man, Thomas Saulsberry, aged 40, was knocked down and shot three times before he could get up. His condition is serious, though not necessarily fatal. Ed Tackett, charged with the shooting, made his escape and at a late hour was still enjoying his freedom. Saulsberry fired three shots at the men, who assaulted, but it is not thought any of the bullets took effect.

After the shooting, Tackett and several companions walked to Fullerton. They passed through Coney Island in true western style, flashing their guns and breathing defiance. A soldiers' reunion was in progress and the spectacle of three men heavily armed and wearing an ominous look created something of a sensation among the war veterans.

The men were unmolested and they departed without making use of their guns. Tackett and his pals are still at large. When last seen Tackett was attired in a light suit and is wearing a hat light in color.

Saulsberry, after being wounded, was taken to Dr. Nichols' office in Fullerton. There it was found that he had been shot three times. One ball struck his left side and ranged upward, the ball coming out six inches from where it entered.

Another passed through the muscle of Saulsberry's right arm. The third one entered the right thigh of the victim, came out near the knee, and in its flight it re-entered his leg near the knee and came out near his ankle. This ball is now in possession of Dr. Nichols.

The sensational shooting affair broke up the card game in a twinkling. The men were playing poker, it is asserted, but Saulsberry informed a Times man that they had been playing a casino. As Dr. Nichols was probing for the bullets that had buried themselves in his body, Saulsberry talked freely of the shooting to a Times reporter, who hurriedly crossed the river and met Dr. Nichols and the victim as they were returning from the scene of the shooting, which occurred near the Marlin addition.

Saulsberry is about 40 years old and lives in this city. He is said to have a wife and one child.

Tackett, the alleged gun-user, is 28. He is said to reside here also, but many claim his residence is in Greenup.

Late this afternoon Dr. Nichols was making arrangements to bring Saulsberry to the Hempstead hospital.

Robert Stewart was an eye-witness to the shooting. He says that he happened by at the time Saulsberry and Tackett clinched. He rushed in and separated them, but Saulsberry, it seems, grabbed hold of Stewart, and whipping out his gun, attempted to shoot Tackett.

Stewart, however, succeeded in freeing himself from Saulsberry, and just at this time Tackett opened fire, every one of his shots taking effect.

Stewart declares that the two men were playing casino at 11:00 per game and that Saulsberry accused Tackett of cheating. The trouble was then precipitated.

Gallipolis, O., Sept. 14.—Frank S. Gates, the Republican Central Committeeman of Gallia county, met Friday at 1 o'clock.

Only six members of the committee attended the meeting, so those members who have joined the Progressive party refused to be present.

The six members thereupon declared their seats vacated, and appointed new members to fill the vacancies.

A long resolution was introduced and adopted indorsing the administration of President Taft and also indorsing the Republican state ticket.

The new Central Committee is now stands is a strictly Taft organization.

Judge Blair Away. Judge A. Z. Blair left Saturday morning on a trip to fill several speaking dates. He will be away until the latter part of next week, when he has some court matters set for hearing.

Liston of the medicine company, Mr. Nash gave notice to the company to move. The firm's lease expired in May, but the claim is made that it was renewed, which Nash denies.

Ernie Drifts In And Out.

To make a bank capable of attracting and holding that critical part of the public who require security above all things, takes law, and money, and management, but that is not all.

These requisities may exist in ideal proportions, and fortunate is such an institution; but more fortunate is that institution which has, through years of persistent fidelity, won something which no amount of money or all the arts of persuasion can secure—the genuine confidence of a community.

A. M. E. Conference Is Drawing To A Close

In the closing hours of the A. M. E. conference, being held at the Allen Chapel, delegates to the conference are sincere and expressive in their praise and expressions of admiration of the accomplished and finished work of Bishop C. T. Shaffer, D. D., M. D., of Chicago, the presiding elder. He has introduced many new phases into the work of the conference, in addition to injecting a spirit of progressiveness which has heretofore never prevailed. His administration of the affairs of the conference has been a revelation to the delegates. His method of procedure, brisk and to the point, and his solution of all difficult problems have stamped him as an executive of no mean ability. Personally, Bishop Shaffer is genial and sociable and makes friends on sight. During the short period of the four days in which the conference has been in session he has won the solid friendship of the entire delegation of pastors.

Much interest is being manifested among the pastors attending the conference, concerning the appointments of pastors to the various pulpits in the conference. These appointments lie solely in the power of the bishop and no advance information has been obtained as to the changes to be made. Notice of appointments will be made at the closing session, Sunday night.

Friday night's session of the conference witnessed the observance of "Missionary Night." A large and appreciative audience attended the services which were featured by excellent addresses and a splendid musical program. Rev. S. P. West, of Chillicothe, presided. In delivering the principal address of the evening, he displayed that he was a talented orator and kept the audience interested throughout his talk. Rev. P. E. Mills also talked entertainingly.

Rev. H. A. Garcia, a native of the Bermuda Islands, and E. H. Gow, of South Africa, both recent members to the conference, in addresses furnished the audience with information concerning conditions in the foreign countries. Rev. Garcia is a recent graduate of Wilberforce Theological Seminary while Rev. Gow is taking a course in a Cincinnati Theological

The musical numbers of the evening were furnished by the orchestra and choir. Recitations were rendered by Miss Ruby S. Pettiford, of Sabine, O., and a vocal solo by Miss Ruth Day, of this city. The lady speaker of the evening was Mrs. Woodson, wife of the dean of the Wilberforce University.

Saturday morning's session opened with devotional exercises. In scheduled order the review of statistics compiled by the various committees and the review of the financial tables occupied the attention of the delegates. Before the adjournment, memorial services were conducted, paying a parting tribute to the departed members of the conference.

At three o'clock Saturday afternoon the task of attending to the unfinished business of the conference was commenced. The conference has shaped up all business preparatory to closing the sessions Sunday.

At ten o'clock Sunday the ordination of deacons will take place. Arrangements have been made for the conducting of services at the various churches about the city by the visiting pastors. At the Pleasant Green Baptist church, corner of Findlay and Tenth streets, Rev. O. H. Williams will deliver the morning sermon while Rev. J. M. Ross will talk in the evening. Findlay Street church will hear, in the morning, Rev. W. S. Beck and in the evening, Rev. Harley Newson.

To the Allen Chapel congregation has been assigned Rev. T. D. Scott for the Sunday School services and Rev. J. H. Gamaway for the morning church services. Rev. C. D. White will address the congregation in the afternoon with Rev. C. S. Williams in charge in the evening.

Cread Milstead, W. H. Smith and William Haley appraised the estate of the late John R. Morris, Friday. They placed a value of \$298.35 on the property. The administrator of the estate, Attorney Mark A. Crawford, expects to dispose of the barber shop within the next few days.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. San Antonio, Texas.—"To all women who desire to have children in their homes and to be well and happy I recommend Lydia E. Pinkham's Vegetable Compound. I suffered from a displacement and other female weakness. Lydia E. Pinkham's Vegetable Compound was the only remedy that ever helped me, and now I am a happy mother and highly recommend your medicine to all my friends."—Mrs. A. B. Martinez, 121 S. Laredo St., San Antonio, Texas.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. Stewart, 293 Humboldt St., Brooklyn, N.Y.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

LANCASTER BURIED AT FIRE BRICK

The body of Arthur Lancaster, the South Portsmouth laborer, who was run down by the trolley car on Tuesday evening, and which was recovered near Vanceburg Friday, was buried at Five Brick, Saturday noon.

The body was in such a state of decomposition that religious services had to be dispensed with. The dead man's widow and children and other relatives all assembled at Five Brick Friday evening. Undertaker Lynn had charge of the burial.

Lancaster's face was badly bruised, and part of his mustache had been torn off, no doubt in coming in contact with the trolley car's barge.

Card of Thanks.
We desire to express our heartfelt thanks to our friends and neighbors for their loving kindness during the illness and death of our dear mother, Mrs. Louisa Justice, and to Rev. Maier and Rev. Atkinson for their comforting words, and to Undertakers Lynn and Spratt for their careful attention. To the Many Ladies' Aid Society and friends who covered her casket with rare and beautiful flowers.

ROBBERY IS MYSTERY

Investigation into the robbery of Webster Greer's store and postoffice at Joseph, Ky., is in a state of statu quo. At the recent examination held by "Squire J. N. Brickley, Bill Williams, accused of the robbery, was released for want of prosecution. At the hearing A. W. Gammon and Ritor Gordon testified that George Lemon, in their presence, had confessed that he was guilty of the job. When placed under oath Lemon denied the fact that he had made the statement and was released.

ARE USING DYNAMITE TO TEAR DOWN HILL

Morton hill is coming down by the tons. Friday evening the first blast was exploded and more than 500 tons of rock was blown to bits. A much larger charge will be touched off this evening. It is said that the members of the Retail Merchants' association will hold a meeting on next Monday afternoon, at which time they will vote some financial assistance toward the tearing down of the hill. The promoters have enough money to pay for the blasting, but they want to purchase a right of way, it being necessary to change the course of the road.

MUSICAL COMEDY AT THE GRAND TONIGHT

"Zig-Zag Alley," a popular-priced musical comedy, pleased a good-sized audience at the Grand Saturday afternoon. It is a clean, funny, sparkling musical show, with a chorus of pretty girls.

"Zig-Zag Alley" will be at the Grand this evening, the prices ranging from 25c to \$1.

Some of the best seats are only 35, 50 and 75 cents.

There are numerous songs and choruses in "Zig-Zag Alley," and the comedy is above par.

Old Soldiers Reunion Comes To A Close

The Greenup county soldiers' annual reunion, which has been in progress all week at Coney Island, closed in a blaze of glory Saturday.

The principal feature of the day's program was the address of Congressman W. J. Fields, of Olive Hill, Ky., this afternoon. A crowd of 500 people greeted the congressman and he was given close attention by every person in the throng throughout his talk, which lasted an hour. Mr. Fields talked on the burning political issues of the day, besides devoting a part of his address to the veterans, to whom he paid an excellent tribute.

The congressman is an eloquent speaker and he was applauded to the echo when he had finished. The members of the Pullerton Tribe of Red Men participated in the exercises along with the old soldiers, and the program was immensely enjoyed by all present.

The veterans departed for their homes this afternoon at the conclusion of the exercises, feeling they had been repaid for their attendance. The reunion was one of the most successful ever held by the association.

THE MARKETS

Chicago, Ills., Sept. 14.—The government report issued last Tuesday was about what was expected by the trade and did not have a great effect upon the market. Wheat and oats, however, have scored about 2c and the latter is higher. Bulls naturally claim they are worth the money, and that they will work higher, while the bears claim that the scarcity of cars, etc., is really responsible for the advance, which will not hold long. Take your choice.

Corn has had a decided setback as was anticipated, caused by the fine weather for the growing crop and reports that a great deal of corn will be ready to cut within the next week. The large premium for cash stuff is bound to disappear with the excellent prospects, and we would certainly advise selling at once any corn that we might have on hand, as it is only a question of a few days when there is bound to be a collapse in values.

Young "Johnnie" Fined For Insulting Actress

Charges that Otto Potts, aged 20, an electric crane operator at the Steel plant, had insulted Miss Dorothy Raymond, of the Raymond Midgers, at the Sun theater, were substantiated in police court Saturday morning.

Potts was fined \$25 and costs, but ten dollars of the fine was remitted on condition that he pay the balance and costs, and he was given a serious warning to behave himself in the future or he would be severely dealt with.

Potts, it seems, was in the front row of the theater during one of the performances Friday night, and, according to Miss Raymond, her mother, Mrs. M. Raymond, and Paul Thompson, a stage hand, made vulgar signs at her while she was standing in the foyer of the wings, ready to go on her turn. The mother termed the young man's act as ungodly and outrageous and said she pulled her daughter back and told her not to look at the side of the house where the fellow was seated, while she was on the stage. She said that when Potts was confronted by them later in the theater office, he acknowledged his guilt. In court, though, he did not remember having made any signs, and if he did, said he had no bad intent. He was called down repeatedly for not looking up and at the Major while being addressed, and once when caught smiling was sharply reminded that it was no laughing matter. He was told a woman on the stage was entitled to as much protection as on the streets or any other place.

Painter Ed Tittle pleaded that constant nagging by his wife made his home life unpleasant and that's why he had been drinking. The court happened to be familiar with some of his domestic troubles, and believing he was telling a straight story, remitted a fine of \$10, pending good behavior, and advised him to cease his constant drinking.

Don Powell appeared for the second time in ten days. He had raised a disturbance at his home on Broadway street and his father had him arrested. He was fined \$10.

Alvin Fitzgerald, a plain drunk, drew \$5.

Lantz Jaton, a chauffeur for the Portsmouth Automobile company, was fined \$5 for violating the traffic ordinance in stopping his car on the wrong side of the street, but as it was his first offense, the fine was remitted.

Charles Semones, an Inter-state

Transfer company employee, was locked up by Officer Dixon Saturday morning. Semones, while drunk, created a scene at the company's office. He demanded one dollar more than was due him for wages and became very abusive. It is said an office employee knocked him down just before the officer arrived.

The police received a hurry call to the Y. M. C. A. building Saturday morning. It developed that some drunken man had been trying to "take" the place, but made himself scarce before officers could reach the scene.

Tom Preston Mathews, the boy who, arrested a few days ago, was released Saturday. He will return to his home in Indianapolis.

The reunion and merry-go-round at Coney Island will continue Sunday and Sunday night.

M. T. Anderson, of the United Fuel Company, was down from Ironton on company business, Saturday. Mr. Anderson reported that work would be commenced next week piping Sciotoville and the various new building additions of that vicinity.

**Trip Was
Deferred**

The party of local Red Men who had intended visiting the Rarden tribe today, deferred their visit until next Saturday, on account of Captain W. L. B. Jack failing to secure a special dispensation for admittance to the order of the pale face that they have captured. The order is expected to be received from headquarters within a day or two.

Col. Leonard W. Goss, of Cincinnati, was here Friday relative to the settlement of the Connell estate, of which his wife is an heir.

Mrs. Jos. Farmer, of Oakland avenue, who was threatened with typhoid fever, was reported better Saturday.

Hand Was Gashed

In handling brick at the Scioto Fire Brick Company's plant Friday, Charles McLoughlin, an employee, received an ugly gash in the palm of his right hand. Dr. Stewart, the attending physician, treated the injury.

Epidemic Of Diphtheria

The epidemic of diphtheria and tonsillitis which prevails in all parts of the county has just struck Waits. Members of the Turner family are the latest victims of tonsillitis. Diphtheria is also prevalent at Sciotoville and all settlements within a radius of fifteen miles.

For Women Who Care

Of course you use an antiseptic for your family and in the care of your own person, and you want the best.

Instead of what you have been using such as liquid or tablet antiseptics or powders, would you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed.

Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used.

Paxtine ANTISEPTIC

In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep arid teeth and bridge work clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing.

As a medicinal agent for local treatment of feminine ailments, such as catarrh, inflammation and ulceration of cervix, vaginal discharge, hot flashes of menopause, etc., Paxtine is a most valuable remedy. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 25 and 50 cents a box. Trial box and testimony of 31 women free on request.

Columbus, O., Sept. 14.—Some time during the coming week Governor Harmon, Auditor of State Pullington and Secretary of State Graves will meet at a canvassing board and go over the returns of the recent constitutional election. The approval of this board must be obtained before the results of the election can be legalized. Paulding county, the last to report, sent in its returns Friday, the last day for the filing. This is not the first time that this county has carried off the booby prize. As a rule there is always a delay in getting the returns from this county.

The sudden death of ex-congressman Jacob A. Beidler, member of the state board of agriculture, which occurred at his home at Willoughby, Friday, creates a vacancy in the board which will be filled by appointment of Governor Harmon. Mr. Beidler was a Republican and his successor will be of the same political faith. Heart trouble caused his death. This was probably induced by hard work at the state fair three weeks ago. Mr. Beidler was exceedingly active as a member of the board and was deeply interested in its work. He served several terms in congress.

The next legislature will provide the new commission just appointed by Governor Harmon to build and have charge of the Ohio building at the Panama exposition in 1915, with the necessary funds for this purpose. It is probable that the commission will ask for an appropriation of \$100,000, but whether or not this amount will be allowed is problematical. Ohio appropriated \$75,000 for a state building at the Jamestown exposition, and after the celebration was over the state had the structure on its hands and was glad to sell it for about one-tenth what it cost. The commission just appointed will engage a secretary and a number of attendants for the building.

The Ohio Federation of Good Roads has decided to go before the legislature next winter and ask for the enactment of a law for a direct tax of one-half mill for road building. This will be the alternative of the bond issue, knocked out at the recent election. The supporters of the proposition believe that the direct levy for roads will stand a better chance with the legislature than a bond issue would have stood even if the amendment had been ratified.

It is estimated that a direct half mill levy would yield \$3,600,000 annually, and that each one thousand dollars worth of property in the state would pay annually only a trifle more than 10 cents, and that the average cost annually for road building to each person in the state would be only 35 cents. The income, it is estimated, would make possible the improvement of 8,000 miles of roads annually.

The Columbus police manhandle is fast approaching a crisis. Charles E. Carter, deposed from the chiefship by Mayor Karb, three weeks ago, under charges of permitting

A Sick Man

Writes Dr. Hartman About Kidney Disease.

A gentleman writes me: "I was greatly interested in your article describing the Kaulman case of serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some, as the doctors have practically given me up, the same as they did him."

In reply I wish to say, first, that I never make any promises as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition as Peruna. Take a tablespoonful before each meal and at bed-time. Continue this for two or three weeks and then if there is anything you wish to ask me further write me and I will give your letter prompt attention.

If I find that the Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case.

Kidney disease begins with catarrh of the kidneys. Peruna is a catarrh remedy. Unless the destruction of the kidneys is already too great Peruna relieves the catarrh and the cause of the kidney disease is removed.

I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. I never use any one's name or address without his written consent. My correspondence is absolutely private.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To each would say, this formula is now put out under the name of KA-FAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Mother Sick At Ironton

Says The Irontonian:

"Mrs. A. M. Rathberger of Dubuque, Iowa, sister of Miss Leonora Fechter, of this city, who has been visiting here for the past three weeks, became seriously ill early Friday morning of heart disease and for awhile her life was despaired of. Her daughter, Mrs. Paul Revare, who lives in Portsmouth, was telephoned for and she came out at 8 o'clock N. & W. train. Dr. Marting was called to see the sick woman. She was better this morning."

Have Moved To Portsmouth

Mrs. Joseph Ranney and family of Depot Square will leave today for Portsmouth to join Mr. Ranney and make that city their future home, says the Irontonian. Mr. Ranney, who has been connected here for several years with the Prudential Insurance Co., has accepted employment in the River City with the same company under Supt. Vernon R. Friddle.

Fugitives Located

Mayor Stewart, of New Boston, stated Saturday morning that the two fugitives, Sanford Brown and Frank Linn, who tried their way to freedom out of the New Boston jail, were located and would probably be re-captured within the next few days. The escaped prisoners are alleged to be in hiding at a point not far from New Boston.

Flames Destroyed Mr. Bagby's Home

Fire of an unknown origin completely destroyed the frame dwelling owned by Mrs. M. R. Bagby, at St. Paul, Ky., about midnight Friday.

Fred Landenback and family, who occupied the house, discovered the flames in time to flee in their night clothing unharmed, but the dwelling and its contents were totally consumed by the flames. News of the fire was received by Walter Bagby, the local grocer, Saturday morning. The house was owned by his mother and was valued at \$1000, partially covered by insurance.

Three Given Certificates

Out of the four applicants at the county teachers' examination held last Saturday, three were successful, the board granting certificates Friday to John Grume, Lee Howard and Clifford Shaver, all elementary. Under the new school laws all certificates granted after September 1st are temporary.

Work Piled Up.

J. E. Sands, agent of the B. & O. S. W., is back at his desk busily wading through his volume of correspondence which accumulated while he was acting as foreman of the jury which tried Mrs. Nettie Baker. It was Mr. Sands' first experience as a juror and it proved a trying one, in fact he does not care to have it repeated again.

OBJECTIONS FILED TO M'COY PETITION

C. F. McCoy, who was nominated by the Republicans for state senator from this district, and who has filed a petition to get on the Ball Moose ticket also, will have a fight to get on the latter ticket. At least he will have to go on record for either Taft or Roosevelt before the matter is ended, and may have to make a choice between the Republicans

and the Bull Moose. Saturday morning formal objection to McCoy's Bull Moose petition being accepted, was filed with the deputy supervisors of election here by James P. Brennan, chairman of the Democratic executive committee. In his objections Mr. Brennan recites these reasons:

First: Said C. F. McCoy does not represent the principles of the Progressive party.

Second: The statement in said alleged certificate of nomination is false.

Third: The representation in said alleged certificate is for the purpose of deceiving the voters.

Fourth: Said alleged certificate of nomination contains false statements and is not in conformity to law.

Mr. Brennan, in an interview, said the filing of the objection was to preserve any rights that might be forfeited in case McCoy's petition was not protested, and the secretary of state hold that names could not go on two party tickets. The matter has been put up to the secretary of state by the Franklin county election board, and all parties have agreed that a test case shall be made either of this or some other case. The McCoy petition will stand or fall by the decision in the test case, and a hearing is not likely before the district election board here. Protests are being filed by Democrats or Republicans in similar instances, all over the state, the state organizations of both parties holding that a man cannot be the candidate of two parties, diametrically opposed in principles.

Mrs. Baker Taken To Athens

In charge of Deputy Sheriff Peto Smith and wife, Mrs. Nettie Baker, who was acquitted of the murder of John W. Morris by a jury in Judge Blair's court last Wednesday, left Saturday morning over the B. & O. for Athens, where she was taken to be confined in the state insane asylum.

Mrs. Theresa Davis, adjudged insane in the probate court here, was also taken to the institution. Mrs. Baker before leaving became reconciled to her fate and chatted pleasantly with relatives and acquaintances who called at the station to say goodbye before the train departed. For several minutes before the train pulled out Mrs. Baker's son, Thomas, sat by her side in the coach. The mother hugged and kissed her boy, and remarked "he was her little husband and they were going away on their honeymoon." It was a sad parting between the mother and son.

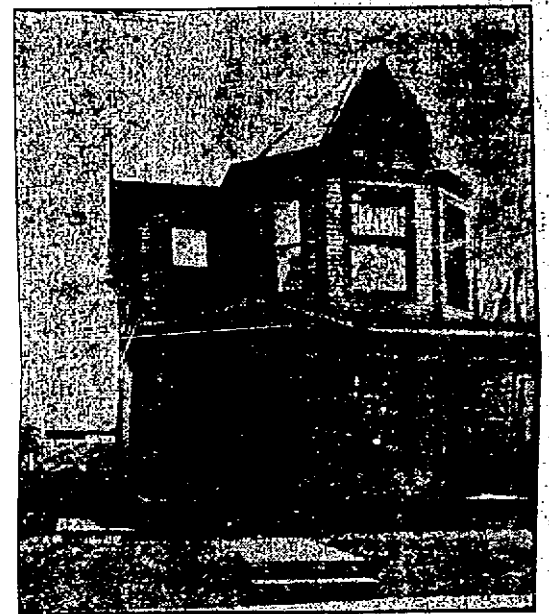

The reunion and merry-go-round at Coney Island will continue Sunday and Sunday night.

"CASCARETS" FOR SICK HEADACHE

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by treating with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets, because their taste good and never gripe or sicken.

PRICES FOR BENEFIT GAME

The prices of the benefit ball game, Sunday between the Portsmouth Champs and the All-Stars of Cincinnati will be 25 and 50 cents. There will be no 40 cent seats in the grandstand, but the bleacher price will be the same as usual, 25 cents. It is going to be a long, cold winter, so turn out and help the boys get away with a nice nest egg.

Six well arranged rooms, large hall, complete bath, gas and slate roof. It's a bargain if you want a home. Call and see it at 1830 Highland Avenue.

Mr. Revare Goes East

Harry Revare left Saturday afternoon on his maiden trip through the East for the Excelsior Shoe Company. He went direct to Boston, as he will make a number of cities in the New England states.

Cool Spell Short Lived

The cool weather has entirely disappeared, much to the regret of everybody. Saturday was another real warm day; the maximum temperature being 90, which is extremely warm for the middle of September. There was considerable humidity in the atmosphere today and many people suffered from the heat. The rainfall last night amounted to .26 of an inch.

To Marry Tonight

George W. Nutter, an employee of the Portsmouth Steel company, and Miss Florence Bussa will be married tonight by Rev. Mr. Brooks, pastor of the First Christian church. The bridegroom is but 19 and the bride is only 17. Miss Bussa is a daughter of Contractor W. C. Bussa. The young couple will go to housekeeping at once.

Giving Advice

O. M. Brown, the Buffalo engineer, while here going over the water works situation, is also giving city officials the benefit of his knowledge on the sewerage and garbage questions. Mr. Brown is an expert on sewer building and Saturday morning outlined his views to the officials, who are desirous of planning a general system in keeping with the growth of the city and its future needs. The plans will also be drawn for a sewerage system for New Boston, which, sooner or later, is bound to be annexed to this city.

Report Untrue

Much to the relief of local friends, word was received in the city Saturday, denying the reports that Mrs. W. A. Foreman had died in Pittsburgh, following the death of her young daughter, Margaret, a week ago. Postcards were received stating that Mrs. Foreman was in the best of health, but carried no explanation as to the origin of the false rumor.

"Well, I was married 25 years ago today," said Mr. Lynn rather proudly and a few moments later an impromptu committee was busy arranging for his present.

Mr. Lynn was greatly surprised when presented with the table implements, but his surprise was not sufficient to cause him to forget to heartily thank the donors. He made a very pretty little speech of acceptance.

A charming cap for the baby can be made on sheer or heavy linen embroidered in this design. The scallops are first padded and closely buttonholed. The flowers and leaves are worked solid with the dots and ovals as eyelets and the stems in the outline stitch. The dotted lines indicate where the front of the cap is sewed to the crown. The front turns back over the crown. Ribbon is run through the eyelets and ties under the chin with a rosette.

DIRECTIONS FOR TRANSFERRING.

In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.

No patterns of these designs are available.

It hasn't been so many years since servants were practically slaves; they were bound out for a term of years and never could hope to better their conditions. The world is advancing, however, and now servants, especially those who do washing and housecleaning, are better treated. Easy Task Laundry Soap, that does half the work itself, and which cleans pots and pans and painted work like magic, is responsible for much of this emancipation. Only 5 cents a cake, too.

PHYSICIAN TO LATE KING

"Mary, did you know that Dr. Faure Miller, the Paris Physician to the King and Queen of England, gave to Kate Seaton Mason, the famous English Hair Specialist, a very strong testimonial regarding her efficient treatment of the hair?" So, also, did other prominent London and New York Physicians, and I am convinced there is nothing like Mrs. Mason's Old English Shampoo Cream to keep the hair and scalp in health.

It stands to reason that Mrs. Mason's old English hair preparations must be the best in the world, or else Dr. Faure Miller, the Duchess of Marlborough, Mme. Melba, Mrs. O. H. P. Belmont, and the leading society women and physicians of New York, London and Paris would not have given her such letters of recommendation. I have quite a few friends who have been sending to New York for Ammon, right in our own city, Portsmouth, has now taken the agency for both the shampoo cream and hair tonic.

TRIALS OF EDITOR MOUSE

State Organizer To Work In Scioto Co.

M. J. Berry, state organizer of the Socialist party, will work in the county under the auspices of the County Central Committee, from September 16 to September 24, inclusive, speaking at the following places:

Monday and Tuesday, September 16 and 17, at New Boston, at 7:30 p. m.
Wednesday, September 18, at Sciotoville, at 7:30 p. m.
Thursday, September 19, at McDermott, at 7:30 p. m.
Friday evening, September 20, at Union Mills, at 7:30 p. m.
Saturday evening, September 21, at Portsmouth, corner Fifth and Chillicothe streets, at 7:30 p. m.
Sunday afternoon, September 22, at Tracy Park, Portsmouth, at 2:00 p. m.
Monday evening, September 23, at South Webster, at 7:30 p. m.

Tuesday evening, September 24, at Portsmouth Upper Market Square, 7:30 p. m.

Mr. Berry is one of the most forceful speakers touring the state. He began as organizer last May, and has made 120 speeches.

Mr. Berry's forceful argument for Socialism simply holds his listeners spellbound, while he builds a fence around them, and there is no possible escape from the hot shots and the condemning charges that he lays at the door of the capitalistic system. He can tell a funny story, but at all times is serious.

You can laugh. You can cry. You will listen and wonder what he is going to say next. And all who fail to hear Mr. Berry will miss a treat. Working men come out. Special invitation to ladies.

Trinity Bible Class Plans For Big Day

With pleasant weather promised, and the vacation season about over, the big Men's Bible class at Trinity expects to begin to grow again tomorrow. The past few weeks of torrid heat has been hard on all sorts of mortals and animals, likewise on Bible classes, as extreme high temperature causes the bottom and sides to fall out of the attendance. The Men's Bible class weathered the heat splendidly, much better than was expected. It takes more than a little thing like heat to stop those Dutch-Irish patriots up there.

The lesson tomorrow will be "Judgement and Mercy," a strong, inspiring lesson. Teacher James H. Finney, the police court celebrity of the class, will be on deck again tomorrow in the same forceful, eloquent style as of yore, as "Jim" has been promised protection if he'd come out of hiding, and he will be protected if it is necessary to run every police officer in this city over to Kentucky. There are a lot of fellows in the class who believe that Mayor Fred Tynes and City Solicitor Stanley McCall got up that contraption called "a traffic regulating ordinance," with the fell design of kidnapping the able teacher, in an effort to break up the biggest Bible class of them all. Be that as it may, if some enterprising policeman would manage to catch Colonel Geo. L. Pake, Hon. Frank Appel, Prof. John McMillan, Col. Will McCurdy or some of these other fellows who have been taking such unholy joy in Prof. Finney's mishap, napping, and "shoo" 'em into police court, they could annex some fine smokes.

The annual election of officers for the class will take place soon, to be followed by a "feed" and good social time. After this will come a hummer of a contest and there'll be the doggondest "scrap" staged that has happened hereabouts since Gen. Jeddiah Armandy captured the pre-historic city of Eldadib, which stand opposite the Blue Banks, just above Funk's Gut. There is a whole lot more troubles brewing, and many big things coming, but the executive committee has sworn this writer to silence until the time comes to touch 'em off.

Several weeks since our friend, Hon. Frank Appel, the able superintendent of the city schools, jumped onto this Times man, when he wasn't doing a thing to him, and later, because it was mentioned, stated he was going after him again. Ever since then the Times man has been almost afraid to go to Sunday school, but nothin' has happened. Shucks! What's the use in keeping a fellow on the anxious seat? When this fellow was small, like Mr. Breese's young men's class, and had anything coming to him, he always liked to have it over with and got it out of his system. Can't be Mr. Appel is afraid?

Remember! If you want to vote at the election and set in at the "feed," you must register at the class tomorrow! Come out, fellows! Let's make the Maine election look small.

When this fellow was small, like Mr. Breese's young men's class, and had anything coming to him, he always liked to have it over with and got it out of his system. Can't be Mr. Appel is afraid?

They say in the class that every time the discussions begin to grow real "warm," that Mr. W. B. Anderson, the popular Sunday school superintendent, rises, gives the bell a rap, and marches for the ante-room. This writer doesn't believe that Mr. Anderson is afraid of getting mixed up in the discussion, and possibly in the way of the "stern talk." Must be only a what you can't—oh, yes, coincidence.

Remember! If you want to vote at the election and set in at the "feed," you must register at the class tomorrow! Come out, fellows! Let's make the Maine election look small.

Will Open A Store

George McOllishin, who was until recently a prominent farmer and dairyman of the West Side, and his brother Don, who has resigned his position as a shoe cutter at Selby's, will open up a grocery in the old Crane & Lockwood stand, in the West End. They expect to be ready for business by the 17th of September with a full line of groceries. These are two popular and enterprising young men and should meet with much success.

A MODERN FIVE-ROOM COTTAGE.

Designed By Chas. S. Sedgwick, Architect.

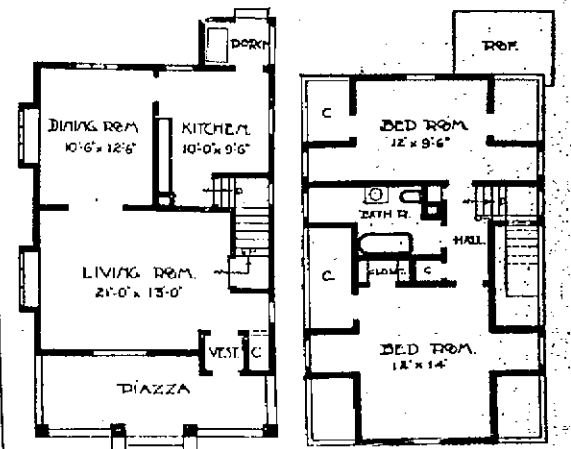

Here is a small economical cottage of five rooms, conveniently arranged and well finished throughout, and one that is estimated can be built, including plumbing, for \$2,000. The size on the ground is 22 ft. in width by 35 ft. in depth, including the piazza across the front (7 ft. 6 in. wide).

The second story is brought forward with the main roof over the piazza, giving additional floor space to the second story. The outside studdings are 12 ft. high, the first story 8 ft. 6 in. and the second story 8 ft., the rooms in the second story being full height. The angle spaces at the sides below the roof used for closets and storage space. The piazza has four large square columns and is designed to be inclosed with sash in the winter time, and screened in during the summer months.

The first story is finished with oak floors and oak finish, stained dark Mission. To second story is finished with Washington fir for the floors, and the casings paneled white, and the doors stained mahogany red. The two bed-rooms, bath room and hall on the second story are lighted with dormer windows at the side, giving good cross circulation of air.

There is a full basement under the house for laundry, furnace room, fuel room, etc. The outside of the house is covered with sheathing, heavy building paper, and shingled with red cedar shingles stained brown, and all the trimmings, cornices, window casings, piazza columns, etc., painted white, and the roof stained red.

This is a jaunty looking cottage, built somewhat on the Swiss Chalet order, with wide projected eaves, rafters showing, and shed roof dormer windows treated in the same manner. It is economical to build and a very convenient, little house for a small family.

GANG'S TICKET WAS TURNED DOWN BY THE BULL MOOSERS

Friday, the thirteenth, proved an unlucky day for the local Republican gang, for the Bull Moosers, at a meeting held in the Strich building, refused to endorse the county Republican ticket, showing by their actions that they had left the G. O. P. for good and will henceforth forever more paddle their own political canoe as a brand new and independent political party.

The meeting was the largest yet held by the new party, and enthusiasm was at fever heat from the time Chairman Carl N. Hansen rapped with the gavel until good night was said and the lights turned low.

Chairman Hansen must have known the minds of the members, for he stated at the very outset that he hoped the members would retain their good humor, no matter what action was taken. He pleaded with those present to accept the decision of the majority in the right kind of spirit. While there were some pretty plain talks, nevertheless, when the meeting came to a close all the members were shaking hands like they do when religious fever is rampant at a big revival.

Chairman Hansen stated the purpose of the meeting, and a motion was at once made by John G. Reilly that the Progressives do not endorse any existing county tickets. A counter motion was then made by J. A. Salmon that the Progressives not name a county ticket of their own. This substitute motion was voted down almost unanimously, and Mr. Reilly's motion later prevailed, with only five dissenting votes.

Judge Frank Lee Sikes championed the endorsement of the Republican ticket. Mr. Sikes detailed his political history. He talked for more than thirty minutes, claiming that the rank and file of the Bull Moosers was in favor of the Republican endorsement clause.

Sikes was followed by Dr. O. W. Robe, whose name appears on the Republican ticket as a candidate for coroner. Dr. Robe, however, has long since aligned himself with the Progressives. He exploded a bomb shell when he made the statement that every candidate on the Republican county ticket, in case they were endorsed by the Progressives had pledged themselves to open up independent headquarters and contribute liberally toward financing the Bull Moose campaign.

Dr. Robe stated that that proposition came direct from the candidates themselves, and that he spoke as one in authority. Dr. Robe stated that he had attended

but one meeting of the candidates and that proposition was made at that meeting. He made a strong plea for endorsement.

Counter remarks were made by Dr. Charles S. Robertson, D. P. Pratt, Messrs. Donohoe and Jones. J. T. McCormick favored the idea of endorsement and cautioned the members to go slow. He feared something would be done for which the members would eventually be sorry.

The question, however, was finally put to a vote, and out of the sixty members present, all but six voted not to endorse the ticket.

The question was then brought up as to whether or not a candidate's name could appear more than once on a ticket. J. A. Salmon stated that this question was now up to Secretary of State Graves and would be decided within the next few days.

On motion of Mr. Jones, a committee consisting of Chairman Hansen, Judge Lee Sikes and J. A. Salmon were named to select a provisional campaign committee, one committee member to be selected from each voting precinct. The committee will make a report at a meeting to be held next Monday evening, at which time the question of putting a county ticket in the field will come up for final solution.

To Attend Reunion

Bailey Post, G. A. R., at its meeting held at Security Hall Friday night, completed arrangements for the trip to Ironton on Sept. 19, to attend the Lawrence county soldiers' reunion, which lasted two days.

The post will attend in a body, and there will be fifty in the delegation, this many having signified their willingness to go. The delegation will go up on the early train on Sept. 19, and return the evening of the twentieth.

There was a good attendance at the meeting last night and the session was a splendid one, several interesting talks being made.

Bessie Was Very Quiet

Chief of Police Sam Phillips returned on the C. & O. flyer Friday afternoon from Cincinnati, where he delivered Bessie Hurd to the workhouse.

Contrary to expectations, the dusky one was as meek as a lamb on the trip. The chief had taken his hand-coats with him, expecting to use them, had the young woman attempted any outbreak, but she did not give him the slightest trouble.

Want Large Crowd At Sunday School

Wanted—850 at First Christian church Bible School Sunday morning.

One hundred of this number should be furnished by Brooks' men, just to show those Loyal Daughters that we expect to win that contest which is drawing very near to its close.

The men are still a goodly number of points to the good, but that does not signify that they will win in the end. But those men are a fine bunch of hustlers, and if those Loyal Daughters don't look out we will beat them to a "frazzle" (apologies to the big Bull Moose.)

One of the best places in the city to spend a Sunday morning is at the First Christian church, corner Third and Gay streets.

A regular, bee hive of activity in good works. Such fine enthusiasm and splendid fellowship and everybody happy in it all.

Say reader, if you have no where else to go tomorrow morning come and visit with us and we are sure you will want to come again. There is not a dull moment at any time during the Bible School or preaching hours.

Preacher Brooks teaches the whole adult department of the Bible School and a teacher of teachers is he.

And then there is Howland, the best superintendent in the city. If you don't believe it come

BIKE RIDERS ARE WARNED

The police, now that they have the traffic ordinance pretty well observed, are turning their attention to boys who are in a habit of riding bicycles at night without lighted lamps. Several were cautioned Friday evening that they must comply with the city ordinance.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and its thousands of endorsements received from women who have used it, are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores or write for our free book for expectant mothers.

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK ss.: ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: "When I was a girl I had a head of heavy, long, dark brown hair which was the envy of my friends and which attracted the attention and remarks of strangers, but as I grew older it commenced to come out. When my hair was quite thin and gray, I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur to try a bottle; and you can imagine my satisfaction when I found my hair was fast coming back to its natural condition. I continued to use Sage and Sulphur until my hair was as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I began using Sage and Sulphur and my hair is in splendid condition."

WHEN A MAN'S MARRIED

Spectacle Man Cause Of A Row At Rarden

A spectacle man was the cause of much excitement in and around the village of Rarden, Thursday.

The unknown vendor went from house to house selling his wares. Some pairs he sold for \$5, while to others he would sell the same kind for \$8, \$1 and \$8. Mrs. A. B. McBride bought two pairs for \$10 and borrowed \$5 from a neighbor in order to make the purchase. Soon it became known that the fellow was asking more money from some persons than others and an angry crowd began camping on his trail. He had cleaned up about \$50 and then moved on to Otway. A warrant was sworn out for his arrest. By the time a constable found him at Otway he had sold \$20 worth there. The peddler, rather than be arrested, gave up all of his money to the constable and was then released. The man who swore out the warrant had to pay the costs in the case, which amounted to \$5.

Elwood Upton, a Free Baptist minister, formerly of this city, was looking after a charge at Waverly when the sad news reached him of the death at Concord, Ky., Thursday night, of his only child, Elwood, aged 13.

The boy succumbed to a two weeks' illness with pneumonia, but his condition seemed favorable when the father left his bedside only a few days before. Rev. Mr. Upton was making preparations to move back to Portsmouth, having recently been transferred to the Ohio district with charges at Waverly, Wakefield, Little Scioto and Stockdale. The family moved to Concord two years ago. Elwood was an unusually bright and good boy and his death comes as a severe blow to the parents, who have the deepest sympathy of their many friends here over their loss. The boy was a nephew of Mrs. J. F. Dixon of Grandview avenue. Arrangements are under way to bring the body to Portsmouth for burial in Greenlawn cemetery, probably Monday.

Mrs. Eliza V. Washburn. News of the death of Mrs. Eliza V. Washburn, which occurred very unexpectedly at her late home in South Pasadena, Cal., reached Portsmouth Saturday. Her death was due to a stroke of paralysis.

Mrs. Washburn, who was the daughter of John H. and Sarah A. Johnson, was born December 12, 1840, at Waverly, O. She received her education in the public schools of Waverly and taught there for a number of years. On May 2, 1876, she was married to John W. Washburn. To this union were born two children, Harry Booth, July 29, 1880, an attorney of Los Angeles, Cal., and George Collins, October 14, 1882, who was also an attorney, who died in 1907.

T. B. Harrison. W. A. Plummer, on his return from Vancouber, Saturday, brought tidings of the death of a pioneer of Lewis county, Kentucky, and the sudden affliction with paralysis of another pioneer. T. B. Harrison, a prominent merchant of Vancouber, died Wednesday afternoon of the infirmities of age. While attending the funeral of Mr. Harrison, his comrade of a life-time, N. B. Fisher, apparently in the best of health, was suddenly stricken with paralysis of the right side and had to be carried from the services on a stretcher. Into Friday night he was unconscious and his recovery is doubtful.

News of the demise of Mr. Harrison was received in this city with sorrow by a large number of friends, being well known here, having made numerous trips to this city in pursuit of his vocation as a merchant. Mr. Harrison was prominent in commercial circles. Death came to him at the age of seventy-three years.

Mr. Fisher is also well known in Portsmouth. A prominent merchant practically all his life, he was at one time associated with the Miller interests in the clothing business in this city. He is distantly related to the Dillon family of this city. Owing to his advanced age, sixty-seven years, his affliction leaves his condition alarming.

Ann Eliza Krick. Word has been received here by friends of the death of Ann Eliza Krick at Venice, Cal. She was a niece of H. C. Davidson, of Frost, Ky.

Frank Baldrige. The Jackson Sun has the following account of the death of Frank Baldrige, a relative of Mrs. Ben Reigel, of this city: "Frank Baldrige, proprietor of the Bazaar and a well known young business man of this city, expired at his home on Broad street at noon Wednesday, after a long illness from Bright's disease. Though his condition had been grave there had been marked improvement in his health in the last few days prior to his death, and the release came sudden and unexpected.

He was a son of Captain and Mrs. S. P. Baldrige, both deceased, and was born in this city 43 years ago. He began active life in his father's store and later became a traveling salesman, which business he followed for several years. Afterward he became proprietor of the Bazaar, a novelty store in this city, but for several months he had not been able to attend to the business. He was married to Miss Clara Ford, of Zanesville, and she and a sister, Mrs. Ben Reigel, of Portsmouth, are the near relatives who survive. Mr. Baldrige was a very jovial man and had many friends in the city who mourn his early death. Funeral services will be conducted at the residence Sunday afternoon at 2:30 o'clock and the K. of P. lodge of this city will be in charge."

Parole Is Asked For Saddler

Attorney George W. Sheppard Saturday prepared parole papers for Wilbur Saddler, who was sent to the state reformatory at Mansfield a little more than a year ago, by Judge Blair on a charge of rape, after a jury had failed to reach a verdict following the trying of him on an indictment charging him with murdering the new-born baby of Sally Smith.

Saddler has been improving his time since being in prison, having acquired much learning and besides has been taught the barber trade.

He could not read nor write when he was sent there and now he can do both fairly well.

MAYOR BAKER BLAMED FOR DANCE HALLS

(By Associated Press.)
Cleveland, O., Sept. 14.—The municipal dance hall is blamed by Assistant Prosecutor Konhauser, as contributing to the delinquency of girls, and assisting white slavers. Mayor Newton D. Baker was severely censured by the prosecutor for allowing these dance halls to exist. Konhauser declared that if what he hears is true, Mayor Baker and the entire board of control are guilty of white slavery.

"Girls of tender age are ruined every night at the dance halls at Edgewater and Woodland Hills Park," said the prosecutor. He also told of girls 14 and 15 years old being procured from these dance halls for white slave traders.

Jack Cook who was tried today on a charge of white slavery, was sentenced to pay \$50 and serve 30 days in the work house.

Unless the matter is adjusted soon the entire plant which employs 1,000 men will be forced to shut down. The Colt Company has been running night and day on government work.

OBITUARY

Elwood Upton, a Free Baptist minister, formerly of this city, was looking after a charge at Waverly when the sad news reached him of the death at Concord, Ky., Thursday night, of his only child, Elwood, aged 13.

The boy succumbed to a two weeks' illness with pneumonia, but his condition seemed favorable when the father left his bedside only a few days before. Rev. Mr. Upton was making preparations to move back to Portsmouth, having recently been transferred to the Ohio district with charges at Waverly, Wakefield, Little Scioto and Stockdale. The family moved to Concord two years ago. Elwood was an unusually bright and good boy and his death comes as a severe blow to the parents, who have the deepest sympathy of their many friends here over their loss. The boy was a nephew of Mrs. J. F. Dixon of Grandview avenue. Arrangements are under way to bring the body to Portsmouth for burial in Greenlawn cemetery, probably Monday.

Mrs. Vogelsang, who was at the wheel, stated today that if she had not purposely run her car into the curbing, it would have slipped in a bad smashup with a car going east, which was traveling at a rapid clip. Two touring wagons shut the machines off from the respective drivers.

The reunion and merry-go-round at Coney Island will continue Sunday and Sunday night.

BATTING AVERAGES IN BOY SCOUT LEAGUE

Chillicothe, O., Sept. 14.—The Chillicothe baseball team probably owns a catcher that it did not know it had. Up to this time the Toledo team has failed to recall Dick Talbot and President Scherer is of the opinion that he is now the property of the Chillicothe club. When Talbot was brought from Toledo, the local team put up \$500 and the matter has not been returned. It may be that the matter has been overlooked, but the opinion prevails that Talbot belongs to Chillicothe now.

There will be no regrets on this score either on the part of the player or the team directors. Talbot says he would be delighted to come back for another year, but he has no intention of doing anything to say they are perfectly satisfied to have him as first catcher. Talbot's willingness made a hit with everybody this year.

Doyle May Pack The Park For Open Rink Big Benefit Game

**BOB JR., WON'T TAKE
AFTER HIS NOTED DAD**

At Ironton

Ironton, Ohio, September 11.—Billy Doyle, the well known baseball scout, after attending a meeting of baseball men in Cincinnati, is going to Columbus for an interview with Col. T. H. B. James relative to leasing the Princess Rink building on Third street for the purpose of opening an up-to-date skating rink this winter. Billy has hundreds of pairs of fine skates and anything goes for a lady's rink, and he will be ready to open here by the time cool weather sets in. If he is successful in leasing the building, Company 1, of the Seventh regiment, has the rink rented now, but it may

Everything is in readiness for the Big Benefit game to be played at Millbrook park Sunday afternoon between the Champs and the Tazemhill All-Stars of Cincinnati.

It is predicted that fully 2,000 persons will be present. The Champs have been selling tickets for the past five days and have disposed of almost 1,000. The game will no doubt be a hummer, for the Queen City contingent is composed of stars of the first magnitude, and will give the Champs the battle of their lives.

The game will start promptly at 3 o'clock and it is hoped the fans will pack every nook and corner of the stands, while the bleachers, it is also hoped, will be loaded to the guards.

Here is a chance for local fans to show their appreciation of the splendid work done by the Champs in bringing the pennant to this city. The boys are deserving of every ribbon game, and if each player can carry home with him a centurion note, as a result of the benefit games. They have been out there fighting hard for the glory and honor of this city, and they succeeded manfully. Let us all turn out—paying your 50 cents—no free passes go.

Groundkeeper Joe Allen has placed the diamond in the best position for fair play, and the boys will be in for fair plays. Several of the players will leave for their homes on Monday morning, returning later when other exhibition games are scheduled at the park.

Bob Fitzsimmons, Jr., is of a different turn of mind than his father. Young Bob is husky and athletic, but he says he doesn't care for the glories of the prize ring.

"None of the fighting game for me. I think it's too brutal. I'm going to plan a respectable business career."

PALZER SAYS HE INTENDS TO RETIRE

New York, Sept. 13.—Al Palmer, the Irishman, has been looking upon us the logical heir of the crown from the sable brow of Jack Johnson, has announced his intention of quitting the fight games to again become a pugilist with the toe and the man behind it, making a man of straw and straw, showed greater promise than any of the white boys. It is rumoured that he lost prestige, although he landed Bomharder Wells, the English heavy. He was under the management of Tom O'Grady, but they had parted. Al Palmer thought he knew more about built ends of the game than the veteran Thomas. The latter threatened to sue him if he took up another manager and Al, disgusted with the whole business, will go back to the simple life.

Jack is going to leave Columbus to come to the River City, and it is said will take a position with his old partner, Billy Maher, who conducts a saloon and cafe at Gallia.

Ironson, O. Sept. 14—Karl Höpfer, business manager of the local team, has a visitor in Huntington Wednesday and he says the people up there are anxious to get in on the club. He says he will visit them and will be glad if they continue their strong urging Mr. Sellert, who

Forming themselves into committees of one, members of the Portsmouth Chapans called on many of the manufacturing firms Friday afternoon and succeeded in disposing of several hundred tickets.

They were armed with almost a peck of them and were eminently pleased with the cordial manner in which they were received. In a simple instance were they turned down. Local fans are grateful what Manager Chiblis and his plant assistants have done. They have put the city on the baseball map, and the old town is there in red ink.

From present indications Sunday's game will be witnessed by 2,000 people.

Mashed His Thumb.

J. E. Martin, who is employed in the local N. & W. shops, took the thumb on his right leg for a bolt, Friday afternoon. He is minus a thumb nail and has off days several days.

Now that he is dead, tragically shot down in his prime, and a host of second-rateers are squabbling over the title he held, the pugilistic world is just beginning to realize what a great fighter it lost in Stanley Ketchel. Tomorrow, September 14, will be the twenty-fifth anniversary of Ketchel's birth in Grand Rapids, Mich., and now is an appropriate time for telling something of his early career, before he succeeded to the title as fourth middleweight champion of the world.

Ketchel was born on a Michigan farm; his father was a Pole and his mother an American woman. Stanley attended the rural schools of his neighborhood and there imbibed a spirit of patriotism that would make him fight a man twice his size if said man cast aspersions on his great heroes, George Washington and Andrew Jackson, or the Polish patriot.

In his student days Stanley specialized in history, and many college graduates knew less of the world's history than the boy who was destined to become a pugilistic title holder. As a lad, Ketchel was fond of sports of all sorts, with baseball as his favorite pastime, and had opportunity offered by his father to become one of the great American game players, only to decline when he decided to go West and seek "injuries" or become a cow puncher. He ran away from home and beat his way to Montana. The redskins there seemed so tame that it would be unsportsmanlike to shoot 'em, so the youngster became a cowboy. After herding cattle on the range for a time he went to Butte, where he was employed in the mines shovelling.

This job developed his muscles to a remarkable extent and was largely responsible for the kick he put into his punches when he became a pugilist. Tiring of such strenuous manual labor, young Ketchel got a job in a restaurant in Butte. His next situation was in the capacity of "bummer" in a dance hall.

His duties consisted in assisting the exit of patrons who became a disgraceful sight. It was in this dance hall that he may be said to have commenced his career as a fighter. One night a gang of bad men invaded the place and proceeded to start a rowdy house. Opportunistically knocked at Stanley's door and found him ready to lay down. Nobody knows exactly how he happened on that first fight, but the wicked men, the factions a number had broken men found themselves bruised and bleeding in the street.

The fame of "Kid" Ketchel spread abroad in Butte, and the dance hall became the scene of nightly encounters between the boys from Meloy and men of all ages and sizes who thought they were tough.

(It is stated that Ketchel's early career will be concluded tomorrow.)

All three are under way for scores with Jacksonville, Louisville and a few more teams in the Southern states on the way to Cuba.

Babe Is Victim Of A Mysterious Acid Case

One of the most fendish and strangest crimes that the authorities of Scioto county have ever been called upon to investigate, occurred at Rushtown Friday afternoon, when a cowardly attempt was made by some unknown fiend to kill Elizabeth, the 14-months-old baby of Elizabeth Russell, 20-year-old unmarried daughter of George Russell, by administering carbolic acid to the innocent tot. That the attempt failed is due to the fact that the child, though badly burned about the mouth and chest, did not swallow any of the fiery fluid.

The condition of the child was extremely serious for several hours, but Saturday, according to word received from Rushtown, its recovery is assured.

The circumstances surrounding the attempt on the babe's life are peculiar and mysterious, indeed, and it is baffling Sheriff Eckhart and other officers of the law, who are working on the case in an effort to find some tangible clue to the identity of the guilty person. Their efforts so far to solve the mystery have been futile.

The attempted murder occurred yesterday afternoon between 3 and 4 o'clock, and it created the biggest excitement among the citizens of the vicinity that they have ever experienced.

According to the story of the mother, the terrible act was committed by a strange man, who appeared at the Russell home and asked for a drink of water, she declaring that he poured the acid down the child's throat while she was at the well, at the rear of the house, getting a bucket of drinking water. Miss Russell claims that she heard the child scream while she was at the well, and she hurried into the house only to discover the cause.

Then, according to the woman's story, the stranger hastily drank a cup of water and stepped out in the yard and started away, quickening his pace as he reached the gate. She says she saw the man run down the road and disappear over the bank of the railroad grade near the Rushtown station. She claims the man wore a mistake when he first appeared, probably to disguise his identity, and he grabbed it off as he was leaving.

There is little credence given the woman's story by the officers and people living in the vicinity.

The Russells occupy a small dwelling on the south side of the N. & W. tracks, just a few hundred feet west of the Rushtown station, and they have neighbors close by, while a gang of section men were at work not far away, besides there were many farmers at work in the neighboring fields at the time, but not one of them saw a strange man in the vicinity during the day.

The loud cries of the apparently frantic mother brought aid, there being several persons on the scene within five minutes, and to them she related her story of the attempted murder.

Mrs. Louis Erwin, who lives next door, was the first to arrive, she hurrying to the woman's side on her hearing her screams. "Miss Russell was in the yard carrying the baby in her arms when I reached her," said Mrs. Erwin, Saturday, "and she tried to point out to me a man down the road, whom she said, had hurt the baby, but I did not see any one."

Several men were on the scene by this time, and after hearing the woman's story, scoured the vicinity in all directions for the unknown man, whom she alleged had committed the foul act, but their efforts were in vain, absolutely no trace of any strange person being found.

The child was cared for by the neighbor women, who administered emetics before the arrival of Dr. O. R. Mickelthwait, of this city, who was summoned.

On the arrival of the physician, he treated the child, which he soon discovered had swallowed very little, if any, of the acid. The tot's mouth was terribly burned, as was also its chin and breast.

The suspicions of Dr. Mickelthwait, while he was at the Russell home, were aroused by the peculiar circumstances surrounding the case, and promptly on his return home about 8 o'clock he notified Sheriff Eckhart.

The sheriff went out to Rushtown last night and spent two hours there, but gained little information besides hearing the woman's story. The officer does not look upon her story as being very plausible, while her actions would not indicate that she regards the matter with much seriousness.

The sheriff expected to return to Rushtown Saturday to continue his investigation, he having two theories on which he is working in an effort to solve the mysterious case.

George Russell, grandfather of the intended victim, works in this city, being employed by Mead & Company, a contracting firm. He rides a bicycle to and from his work, morning and evening, and he did not learn of the attempt on the child's life until told by a person, whom he met in the road as he neared home. He can offer no explanation what motive any person could have in wanting to kill the infant, and neither could its mother.

It was learned by the sheriff Saturday that Lloyd Miles, a Dock Run young man, now employed at Duncanson's meat market at McDermott, is the father of the child, and that he has been calling frequently at the Russell home of late.

Manager Leo has secured for the first half of next week another strong bill, beginning matinee, on Monday, and this season promises the best in vaudeville. Heading this bill will be dainty June Roberts and Company in "The Doll Maker's Dream," the prettiest playlet in vaudeville, featuring America's youngest premier dancer, Dainty June Roberts.

The following is from the Huntington Herald:

"As dainty and as irresistible as ever, little Miss June Roberts and her excellent company are again at the Hippodrome for a week's stay, and with Monday's audiences scored a distinct hit, after being preceded by three acts, which, on an ordinary bill would easily be sterling favorites. Miss Roberts and company are presenting the same sketch, 'The Doll Maker's Dream,' which is a lingering memory to most patrons of vaudeville."

Another big feature is the Columbia Musical Four, presenting the latest and most popular selections published. Ron and Stewart in a German comedy singing and talking act. The clever James Carigan, the Bell Hop, in an act peculiar to Jimmy. New motion pictures will close the bill.

When Servants Were Slaves
Women are natural money-lovers no matter how much is said about what they spend for dresses and hats. They always know how to make a dollar go the farthest. That's why thoughtful women discover that by using Easy Task Soap in their laundry work they save fuel and time and trouble and health, and more than that, they save the clothes that are washed. Easy Task has no resin in it to stay in the clothes and hold the dirt with it and rot the fabric.

Al H. Wilson Has Guaranteed Show

The managers of the Grand personally guarantee the "Al H. Wilson" attraction. It is a first class show of its kind. The prices range from \$1.50 down.

Al H. Wilson, the singing German dialect comedian, comes to the Grand Opera House on Monday evening, Sept. 23 in "It Happened in Potsdam," a song-adapted comedy in three acts, adapted from the French by Cyril Reed. It is said to be different from previous Wilson productions for the one reason, perhaps, that it is not a drama in the strict sense of the word and the story is a far removed from the conventional comedy drama as it is possible to imagine. The author has combined an absorbing love story with frequent touches of delightful comedy that depicts Mr. Wilson in stage art at his best.

The scenes of "It Happened in Potsdam" are laid in the city of Potsdam, the former home of Frederick the Great and the present summer residence of Kaiser Wilhelm. Manager Ellis, the producer of the comedy, has furnished exceptionally fine stage settings and surrounded the star with a cast of unusual merit.

Mr. Wilson has composed several new songs that will be heard for the first time in this city during his engagement.

A petition was filed in the common pleas court Saturday by Judge Ball on behalf of the trustees of the First Regular Missionary Baptist church of New Boston, containing an application for authority to sell their present church property in that village to the Board of Education of Olney township for \$15,333.33 and purchase the two lots adjoining. The trustees also ask for authority to encumber the lots in a sum not to exceed \$2,000, the money to be used in erecting a church building to meet their needs.

Cut Foot, Not Wood

Instead of striking the block of wood for which it was intended, an axe wielded by Isaac Ruby, a Long Run farmer, struck the farmer's left foot, nearly cutting it in two. Dr. Cheney, who dressed the wound, was compelled to take a number of stitches in it. From the loss of blood the victim is bedfast at his home, in a weakened condition.

SHOT MAN IN BACK OF THE HEAD

A warrant filed in Squire Byron's court Friday evening brought to light the fact of a shooting that occurred near the steel plant last Tuesday evening. William Tanner and Charles Slaughter, both living at New Boston, became embroiled in a dispute, when Tanner pulled a 32-calibre gun from his hip pocket and fired point blank at Slaughter. The bullet landed in the back of Slaughter's head, but did not penetrate the skull, running around the skull bone and coming out behind the left ear. Slaughter was rendered unconscious and for a time it was feared he would die. He was carried to the steel plant hospital, where, under the treatment of the company physician, he revived.

Friday evening he was able to appear before Squire Byron and swore out a warrant, charging Tanner with shooting with intent to kill. Tanner was arrested by Constable John Nien, and when arraigned before Squire Byron, pleaded not guilty. He was bound over to court in the sum of \$200, which he furnished. It is said that both men were drinking and the trouble will be investigated by the grand jury.

The Eagle and Steel Plant teams will play the preliminary game at the big benefit to be given on the Champs at Milbrook park Sunday afternoon. The line-up of the Steel Plant team will be as follows: Evans, 1b.; Schmitz, 2b.; Doherty, s.; Green, cf.; Strickland, 3b.; Rigles, lf.; McCall, rf.; Russell, c.; Sausen, Lynn or Rhodes, p.

Averted A Fire

Mrs. Oscar W. Newman proved herself a heroine and probably averted a bad fire at the Newman home on Second street the other day. Miss Katherine, only daughter of the household, had been feeling indisposed and the mother, going into an adjoining room, prepared to heat a mixture of turpentine, lard and camphor. No sooner had she placed the same over an alcohol lamp than the telephone bell rang. Mrs. Newman hastened to answer the call. When she returned to the rear bedroom she was shocked to find it enveloped in flames. With rare presence of mind she grabbed up a hall rug and rushing into the room, succeeded in smothering the flames, and in throwing the lighted lamp into a bowl of water. Her hair and hands were slightly singed.

FIRES A BULLET INTO HEAD, DIES IN HOUR

WIFE IS INSANE FROM THE SHOCK

Retiring for the night, Friday, apparently in the best of spirits, James Alexander, 56, a butcher, residing on the pike, between Harrisonville and Stockdale, arose from his bed at three o'clock Saturday morning, secured a 32 calibre rifle and placing the muzzle to his forehead, sent a bullet crashing through his brain. Death ensued an hour later.

Continued brooding over ill health, temporarily deranging his mind, is believed to have been responsible for the victim sacrificing his own life. Mrs. Rachael Alexander, 55, his wife, is temporarily insane from the shock.

During the summer months, Alexander has been sleeping in the stable in the rear of his home. His wife chose the comforts of the environments of the bedroom in the dwelling. Arising from his bed at an unusually early hour, Alexander walked into the house. Without crossing his wife, Rachael Alexander, took his rifle from a rack on which it has rested for years, then deliberately made preparations for the taking of his own life, and pulled the trigger.

Startled from her sleep as the shot rang out through the house, Mrs. Alexander, was terror-stricken when she awakened to see her husband lying on the floor, with blood streaming profusely from a gaping wound in the forehead, just above the right eye. Seized with terror she rushed to the home of Chas. Brown, a short distance away on the Harrisonville pike, to summon aid. Members of the Brown household responded and returned with her to her home. On their arrival they found Alexander still alive, but he was barely breathing. Before the shock sustained by the events of the night, Mrs. Alexander is in a critical condition. Owing to her advanced age her temporary mental aberration it is feared, may prove fatal. Besides his wife, James Alexander is survived by two brothers, John, of Madison township, George, residing in the west.

STYLES IN GRAVES CHANGING

Milwaukee, Sept. 14—"There are styles in graves as well as in other things," said J. J. Stephens, Indianapolis, president of the Association of American cemetery superintendents, which opened its twenty-sixth annual convention in the Plankinton House.

"From year to year we have to change the method of con-

structing the grave or tomb, the method of furnishing it and the decorations." Right now, for example, evergreens and cut flowers are most desired for decorations, while the grave itself is a solid block of cement.

A Kincaid, superintendent of a cemetery in Memphis, believes that the mausoleum will eventually displace the cemetery.

RECRUITING MEN AT WAR

Ironton, O., Sept. 14.—Edward Burns, of the local recruiting station, is much amused over getting the ire of Recruiting Officer Heninger, of Portsmouth, somewhat stirred up. Speaking of business Mr. Burns said enlistments were long and far between in Ironton and that Portsmouth was finding it about the same, only having one recruit in eight days. Officer Heninger told Burns that he was envious on account of the Nippers not being able to cop the laurels from the Cobblers and now he is picking on the recruiting station in the River City.

Officer Heninger wrote Officer Burns that he would like to call and see him, but that he had to stay at home and buy the baby a new dress.

Mrs. Henderson's Waist. Mrs. Henderson isn't going to wear that pretty white waist of hers again, because it came from the wash all streaked and spotted by the resin that was in the common yellow soap.

PASTOR S. J. ARNOLD

'Hell Exploded'

Pastor S. J. Arnold, of Dayton, O., will speak on the subject of "Hell Fire" Sunday at 2 p. m. at Smith's new theatre The Temple on Eleventh street.

Pastor Arnold's thorough knowledge of the scriptures makes his lectures extremely interesting. After a logical argument on the above subject, it was said of Henry Ward Beecher, "He knocked the bottom out of hell," and Pastor Arnold declares that the scriptures are very explicit on the subject of hell, its creation, where it is, and says "God gave positive and plain statements that it will be completely destroyed."

The people have heard much concerning hell. No subject is a more disputed one and none more interesting.

This lecture is one of a series to be given by the International Bible Students' Association. It is not for gain; it is therefore free. No admission, fees or collection. Everybody welcome.

MODERNWOODMEN HAD MEETING

At a largely attended meeting of the Modern Woodmen of America, Friday night, the resignation of Rev. W. H. Howard as venerable counselor was accepted and Ralph J. Miller was elected in his stead. Ray Hooper was then elevated to the office of worthy advisor.

Rev. Howard, who presided at the meeting, stated that he regretted, indeed, that he had to sever his connection with the order. He thanked the members for the uniform courtesy shown him during his tenure of office and hoped the lodge would continue to prosper under the guidance of his successor.

Nominations for Venerable Counsel were then called for and the names of R. J. Miller and William Gempel were voted on, the former winning out handsomely. Mr. Miller is the popular shipping clerk at the Jones-Perkins Grocery Co. and is well versed in Woodcraft.

Nine applications were received at last night's meeting. It is hoped to adopt a class of 25 members on the evening of October 4.

Judith Wilkes Wins 2:14 Race At Toledo

Judith Wilkes, the speedy trotter owned by H. S. Grimes, took first money in the 2:14 race at the Toledo, Ohio, races Friday afternoon, according to a telegram received by Mr. Grimes from Andrew Ault, who is campaigning the mare.

Mr. Ault is suffering from three broken ribs caused by being thrown from his sulky earlier in the week, and a strange driver was put up behind Judith Wilkes. After the mare had finished third

in two heats, Mr. Ault put an extra bandage on his ribs and, getting in the driver's seat, took the next three heats and the race in handy style. The purse was \$400.

In the 2:14 race at Toledo Wednesday, after Ault was injured, another driver had to be put up, and she came out of the race with second money.

From Toledo Mr. Ault is taking his stable to Athens, where he has several horses entered for the races next week.

HAS ROAST FOR P. H. S. FOOTBALL TEAM

Peter Burke, in the Morning Tractionist, hands out this roast to the P. H. S. football team:

"Local high school officials in conversation Friday with Principal J. D. Craveling of the Portsmouth high school, were trying to arrange for two games to be played between the local high school and the Ironton high school boys, but were given the cold mitt by the principal.

The P. H. S. members have time and again expressed their willingness to play I. H. S., but the controlling hand of the principal, who knows that I. H. S. is advancing, while Portsmouth is falling behind in football, and also that just as

ECKHART ON THE TRAIL

Ironton, Ohio, Sept. 14.—Mike Brannigan and Sheriff John Eckhart of Scioto county were hot on the trail, Friday, of a man by the name of Crabtree, wanted in Portsmouth, and went up near the Ironton iron furnace for their man. Crabtree knew Mike and the sheriff and saw them coming and showed them a clean pair of heels, making good his escape. Crabtree, however, left a horse behind him.

W. A. Smith, Bridgeton, Ind., is telling his friends and neighbors of his return to health and strength by the use of Foley Kidney Pills, and he says he wants others to benefit also. "I was so crippled with rheumatism I could not dress without help, and had kidney trouble for years. I started using Foley Kidney Pills and now all my troubles have left me and I do not feel that I ever had rheumatism. I rest well all night and though 50 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills."

Sunday school Sunday morning will open the series of meetings. Sunday night Rev. Watson will deliver his first sermon.

William Hopkins Is A Real Boy Scout

Marking the first of its kind ever held in the city, impressive ceremonies attended the conferring of the Boy Scout degree on William Hopkins Friday night, at the home of his parents, Mr. and Mrs. B. W. Hopkins, of Third and Offshore streets. Young Hopkins passed the second degree with the highest average of any boy in the state, 98 per cent. He successfully took examinations on observation, athletics, first aid, telegraphy and thrift.

Ceremonies attendant on the conferring of the degree were marked by addresses by Frank Baggis and Carl Hulsbus. The scout oath was administered and the badge of the rank placed on the sleeve of his arm just below the shoulder.

Following the administering of the oath, the boy scouts present saluted the flag and sang several patriotic songs. The feature of the evening's entertainment was a violin solo by William Hopkins, the host of the evening. Towards the close of the evening refreshments were served by Mrs. B. W. FOR THE WOMAN WHO THINKS AND FEELS.

Some women complain that they periodically suffer from dull and heavy feelings, or dizziness in the head, nervousness, pain and bearing-down feelings which should not occur to the normal healthy woman. But most every woman is subject to these pains at some time in her life, due to abnormal conditions in life, such as overtaxed strength, bad air, poor or improper food, wet feet, sluggish liver, etc. A regular and female tonic made from native medicinal roots with pure glycerin, and without the use of alcohol, called

DR. PIERCE'S FAVORITE PRESCRIPTION.

has proven its value in thousands of cases, like the following:

Mrs. DORA M. MARTIN, of Ashland, N. H., writes: "I thought I would write you in regard to what your medicine has done for me. I have used them for thirty years for female troubles and general weakness with the very best result, and they have saved me hundreds of dollars in doctors' bills. I buy the 'Favorite Prescription' and 'Golden Medical Discovery' and take them together. I have been disappointed in your remedies and take pleasure in recommending them to my suffering lady. I am now about fifty years old; at forty-five I took your medicine, both kinds, and I passed that period very easily and felt me fit and healthy. I feel like a young girl. If any lady cares to write me, I will gladly tell her more about the best work of your medicine."

DR. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—of 1008 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent free in cloth binding to any address on receipt of 31 one-cent stamps, to cover cost of wrapping and mailing only.
